SECTION 1. Tennessee Code Annotated, Section 71-3-501, is amended by deleting subsection (a) in its entirety, and by substituting instead the following language after the catchline:

As used in this part, unless otherwise exempted pursuant to § 71-3-503, and unless the context otherwise requires:

SECTION 2. Tennessee Code Annotated, Section 71-3-501, is amended by deleting the subsection designation and language: "(b) As used in this part, unless otherwise excluded pursuant to § 71-3-503, and unless the context otherwise requires:"; and is further amended by deleting subdivisions (3), (4), (5), (8), (9), (10) and (11) in their entireties, and by substituting instead the following language:

(3) "Child care" means, for purposes of this part, the provision of supervision and protection, and, at a minimum, meeting the basic needs, of a child or children for less than twenty-four (24) hours a day.

(4) "Child care agency" or "agency" means, for purposes of this part, and only where the context requires in any other provision of law, a place or facility, regardless of whether it is currently licensed, that is operated as a "family child care home", a "group child care home", a "child care center", or a "drop-in center", as those terms are defined in this part.

(5) "Child care center" means any place or facility operated by any person or entity that provides child care for three (3) or more hours per day for at least thirteen (13) children who are not related to the primary caregiver(s); provided that a child care agency shall not be classified as a "child care center" that operates as a "group child care home" and keeps three (3) additional school-age children as permitted in subdivision (10); provided, further that all children, related or unrelated shall be counted in the adult-to-child supervision ratios and group sizes applicable to child care centers; with the exception that if the child care center is operated in the occupied residence of the primary caregiver(s), children nine (9) years of age or older who are related to the primary caregiver(s) will not be counted in determining the adult-to-child supervision ratios or group sizes applicable to child care centers if such children are provided a separate space from that occupied by the child care center. The department may permit

children in the separate space to interact with the children in the licensed child care center in such manner as it may determine is appropriate.

(8) "Drop-in center" means a place or facility operated by any person or entity providing child care, at the same time, for fifteen (15) or more children, who are not related to the primary caregiver(s), for short periods of time, not to exceed ten (10) hours per week and for not more than six (6) hours per day for any individual child, while the parents or other custodians of the children are engaged in short-term activities that do not include employment of the parent or other custodian of the child; provided, however, that notwithstanding any other requirements of this part, training requirements for the staff of this class of child care agency shall be limited to basic health and safety precautions and the detection and reporting of child abuse and neglect for children in care; provided, further, that notwithstanding any other provision of this chapter to the contrary, drop-in centers operated by not-for-profit organizations that provide child care, for no more than two (2) hours per day with a maximum of ten (10) hours per week, without compensation while the parent or other custodian is engaged in short-term activities on the premises of the organization shall register as providing casual care and shall not be deemed to be a drop-in center or regulated as a drop-in center.

(9) "Family child care home" means any place or facility which is operated by any person or entity that provides child care for three (3) or more hours per day for at least five (5) children but not more than seven (7) children who are not related to the primary caregiver(s); provided, that the maximum number of children present in the family child care home, including related children of the primary caregiver(s) shall not exceed twelve (12), with the exception that, if the family child care home is operated in the occupied residence of the primary caregiver(s), children related to the primary caregiver(s) nine (9) years of age or older will not be counted in determining the maximum number of children permitted to be present in a "family child care home" if those children are provided a separate space from that occupied by the family child care home. The department may permit children in the separate space to interact with the children in the licensed family child care home in such manner as it may determine is appropriate.

(10) "Group child care home" means any place or facility operated by any person or entity that provides child care for three (3) or more hours per day for at least eight (8) children who are not related to the primary caregiver(s); provided, however, that the maximum number of children present in a "group child care home", including those related to the primary caregiver(s), shall not exceed twelve (12) children, with the exception that if the group child care home is operated in the occupied residence of the primary caregiver(s), children related to the primary caregiver(s) nine (9) years of age or older, will not be counted in determining the maximum number of children permitted to be present in a "group child care home" if those children are provided a separate space from that occupied by the group child care home; and, provided, further, that up to three (3) additional school age children, related or unrelated to the primary caregiver(s), may be received for child care before and after school, on school holidays, on school snow days and during summer vacation. The department may permit children in the separate space to interact with the children in the licensed group child care home in such manner as it may determine is appropriate.

(11) "Related" means the children, step-children, grandchildren, step-grandchildren, siblings of the whole or half-blood, step-siblings, nieces, nephews or foster children of the primary caregiver.

SECTION 3. Tennessee Code Annotated, Section 71-3-502(a), is amended by deleting subdivision (1) in its entirety and by substituting instead the following:

(1) All persons or entities operating a "child care center", "drop-in center", "family child care home" or a "group child care home", as defined in this part, unless exempt as provided in § 71-3-503, must be licensed by the department as a "child care agency".

SECTION 4. Tennessee Code Annotated, Section 71-3-502(a)(3), is amended by deleting the language "The department's regulations of child care agencies shall be developed, as well as the continued approval of the licensing status of a child care agency, shall both be based upon the following criteria:" and by substituting instead the language "The department's regulations of child care agencies shall be developed based upon consideration of the criteria in subdivisions (A)-(F). In determining whether to initially grant a license or whether to take any licensing action involving a licensed child care agency, the following statutory criteria in subdivisions (A)-(F) may be cited and considered by the department and by the child care agency board of review as the basis for such action in addition to the regulations:".

SECTION 5. Tennessee Code Annotated, Section 71-3-502(a)(3), is amended by adding the following new subdivision (C) and by re-designating subsequent subdivisions accordingly:

(C) Evidence that the expected performance of the caregivers, supervisors or management of the child care agency seeking initial licensure or renewal of licensure will be such as to protect children in care from injury, harm or the threat of injury or harm; or, during licensure, that the actual performance of any of the duties of caregivers, supervisors or management of a licensed child care agency demonstrates or has demonstrated a level of judgment, that a reasonable person would exercise or would have exercised, under existing or under reasonably foreseeable circumstances, that would prevent or would have prevented injury, harm, or the threat of injury or harm, to any child in care.

SECTION 6. Tennessee Code Annotated, Section 71-3-502(j), is amended by re-designating the subdivision references to "(j)(3)" currently contained in existing subdivision (j)(3)(D), as "(j)(6)", wherever found; and is further amended by re-designating existing subdivision (3) as subdivision (6); and is further amended by re-designating existing subdivision (5) as subdivision (7); and is further amended by deleting existing subdivisions (1) and (2) in their entireties, and by substituting instead the following new subdivisions (1) and (2) as follows; and is further amended by deleting subdivision (4) in its entirety; and is further amended by adding new subdivisions (3), (4), (5), and (8) as follows:

(1)(A) No later than August 1, 2001, the Department of Human Services, in consultation with the Tennessee commission on children and youth, shall establish and implement a mandatory child care agency report card system in conformity with the provisions of subdivision (2), and a separate and voluntary child care agency rated licensing system in conformity with the provisions of subdivision (3) below.

(B) The report card system and the rated licensing system shall be used for the purpose of evaluating, individually and collectively, all child care agencies licensed or approved by the department pursuant to Title 71, Chapter 3, Part 5 so that parents or other caretakers of children enrolled, or being considered for enrollment, at a child care agency, may make more informed decisions regarding the care of their children by comparing the quality of services offered by child care agencies, and to encourage the improvement of out-of-home child care for Tennessee's children. It is the legislative intent that the report card and rated licensing process established pursuant to subdivisions (2) and (3) of this subsection shall be developed in a manner to be easily usable by parents or guardians of children to make informed choices related to childcare.

(C) For purposes of subdivisions (1)-(4) of this subsection, the term "child care agencies" shall include "child care centers", "group child care homes" and "family child care homes" as defined by this part.

(2)(A) The mandatory report card system shall become effective August 1, 2001. Each child care agency shall receive a report card evaluation during the first licensing cycle of the child care agency that begins after October 1, 2001 and annually thereafter. The mandatory report card shall include an annual evaluation of the child care agency by the department that shall be required for each child care agency. The report card shall reflect key indicators of performance comparison among all Tennessee child care agencies. Key indicators shall include, but not be limited to, the following:

(i) Health and safety;

(ii) Training, education, certification, and credentials of all supervisory staff, including the director or licensee;

(iii) Staffing ratios;

(iv) Child development and enrichment;

(v) Accreditation status; and

(vi) Adequacy of physical facilities.

(B) The department shall not fail to recognize the credentials of any accrediting agency based solely upon the religious affiliation or ethnicity of the organization granting accreditation to a child care agency.

(C) The report card shall not include an overall numeric or alpha score, grade or rating of the child care agency.

(D)(i) The annual mandatory report card shall reflect the child care agency's performance under the key indicators in subdivision (2)(A).

(ii) Upon completion, the report card shall be clearly marked and conspicuously posted at each child care agency for review by the parents

of children enrolled, or being considered for enrollment, at the child care agency.

(E)(i) During the first licensing cycle of each child care agency that begins October 1, 2001, the mandatory report card evaluation shall also include, as determined by the department, an evaluation of the child care agency, based upon the use of a valid and reliable program assessment instrument for evaluating the quality of child care programs through direct observation of the agency's child care program.

(ii) During the first licensing cycle of each child care agency that begins October 1, 2001, the program assessment instrument scores shall not be included either on the report card or as an overall separate numeric or alpha score, grade or rating on the license or as an attachment to the license, and the department shall only provide to the child care agency a separate document with the results of the child care agency's program assessment instrument evaluation.

(iii) Beginning October 1, 2002, the mandatory annual report card shall include, in addition to the agency's performance under the key indicators established pursuant to subdivision (2)(A), and, notwithstanding any other provisions of subdivisions (1)-(3) to the contrary, the agency's overall program assessment instrument score and any accompanying explanatory text related to the instrument.

(3)(A) The rated licensing system shall become effective on August 1, 2001. The rated licensing system shall include an evaluation of the key indicators described in subdivision (2)(A), including the results of a program assessment instrument as described in subdivision (2)(E)(i). A child care agency may qualify for the rated licensing system by demonstrating, through evaluation of the key indicators and the program assessment instrument, that the child care agency exceeds basic licensing standards as outlined in the rated licensing criteria determined by the department.

(B) Participation in the rated licensing system shall be voluntary for each qualified child care agency. Qualified child care agencies that volunteer to participate in the rated licensing system must apply in writing to the department following receipt of the report card issued pursuant to subdivision (2) in such manner as the department may prescribe.

(C) Qualified child care agencies that volunteer to participate in the rated licensing system shall receive a child care quality rating. The participating agency may voluntarily post the rating prior to October 1, 2002. On and after October 1, 2002, the child care agency shall be required to post the rating. The rating shall be posted by the agency with its license in a conspicuous place for review by the parents or other caretakers of a child enrolled, or being considered for enrollment, at the child care agency.

(D) Beginning August 1, 2001, any qualified child care agency that agrees to voluntarily participate in the rated licensing system established by this subdivision and that accepts the department's child care assistance subsidy

payments may receive higher subsidy payments, as determined by the department, based upon the child care quality rating and subject to available funding in the department's budget.

(E) A child care agency may at any time voluntarily withdraw from the rated licensing system by submitting a notice in writing to the department in such manner as the department prescribes. The department may also determine at any time, in such manner as the department may prescribe, that the child care agency no longer meets the rated license criteria for the agency's rating. In either event, the child care agency shall no longer be eligible to display that rating or to use it in any informational materials related to the agency, nor shall it continue to receive increased child care subsidy payments, if any, based upon that rating. The rating shall be immediately removed from display at the agency. The department shall have standing to seek appropriate regulatory action under its rules, or to seek injunctive relief, to enforce the provisions of this paragraph.

(4) By January 15, 2003, the Department of Human Services and the Tennessee commission on children and youth shall submit a report regarding the implementation and status of the report card and rated licensing systems to the chairs of the House Health and Human Resources Committee, the House Children and Family Affairs Committee, the Senate General Welfare and Human Resources Committee and the Select Committee on Children and Youth.

(5)(A) Effective August 1, 2001 there is created a twelve (12) member advisory council to be appointed by the governor. The sole purpose of the advisory council shall be to provide recommendations to the department regarding the report card and the rated licensing system established pursuant to subdivisions (1)-(3).

(B) The council shall be composed of six (6) representatives of child care centers, three (3) representatives of group child care homes, and three (3) representatives of family child care homes. There shall be two (2) representatives of child care centers from each grand division. There shall be one (1) representative from each grand division for group child care homes and one (1) representative from each grand division for family child care homes. Members shall serve two (2) year terms, and may be re-appointed. Any vacancy shall be filled by the governor from the same grand division and class of child care agency. The members shall serve without compensation. Members shall be subject to removal by the governor for good cause. Members shall, to the extent possible, be appointed so as to represent a cross section of private-pay and subsidized child care providers and the ethnic populations represented in the child care industry.

(C) The advisory council shall elect from among its membership a chair, vice-chair and such other officers as the council deems necessary.

(D) The advisory council shall meet at least three (3) times each year, and shall meet more frequently as the business of the council may require. The council may be called to meet by the commissioner of human services at any time it becomes necessary between regular meetings to provide timely reviews

of the department's proposed changes to the report card process or the rated licensing system.

(E) Consultation by the department with the council shall be mandatory; provided, however, failure of the council to meet and deliver to the department its responses or recommendations regarding the department's proposed changes within a reasonable period of time following written notice to the council chair by the department of the need for a review of the department's proposed changes shall negate any further mandatory consultation requirement established by this paragraph.

(F) The advisory council recommendations shall be applicable only for any proposed changes to the annual report card or rated licensing system established by this subsection that are proposed by the department after August 1, 2001. Consultation with the advisory council shall not be required for any plans developed by the department for the design or implementation of the annual report card or rated licensing system prior to August 1, 2001.

(8) Any child care agency that knowingly provides false information or that fails to provide any information to the department, the comptroller, or their agents or designees:

(A) That is required or necessary to perform any of the provisions of this section, including, but not limited to the verification requirements of subdivisions (j)(6) or (j)(7);

(B) That fails to allow entrance by any person designated by the department to perform the report card or rated licensing evaluation required by subdivisions (j)(1)-(3); or

(C) That continues to display expired or revoked licensing ratings in violation of subdivision (j)(3)(E) after written notice by the department; shall be subject to denial or revocation of its license by the department, and may also be subject to a civil penalty of five hundred dollars (\$500.00) imposed by the department.

SECTION 7. Tennessee Code Annotated, Section 71-3-503(a)(10), is amended by deleting subdivision (10) in its entirety and by substituting instead the following:

(10)(A) "Casual care" operations consisting of places or facilities operated by any person or entity that provide child care, at the same time, for a minimum of five (5) children, but less than fifteen (15) children, who are not related to the primary caregiver(s), during short periods of time that do not exceed ten (10) hours per week or six (6) hours per day for any individual child while the parents or other custodians of the children are engaged in short-term activities, not including employment of the parent or other custodian of the child.

(B) These operations shall register with the department their intent to conduct casual care of children, and, as evidence of their exempt status, these operations shall maintain records which include, at a minimum, the children's names, ages, addresses, dates and times of attendance, the parents' or

custodians' names, addresses, and intended whereabouts while the children are in care, and the telephone numbers of persons to contact in the event of an emergency. All records shall be made available at any time to any authorized representative of the department.

(C) Failure to comply with the requirements of this subdivision shall subject the violator to a civil penalty by the department not to exceed five hundred dollars (\$500.00) for the first violation and not to exceed one thousand dollars (\$1,000.00) for subsequent violations, and the department may seek injunctive relief in the chancery or circuit court of the county where the place or facility is located to prevent further operation of the place or facility or to obtain entry to conduct any inspection of the operation.

(ii) Such rules must provide that any vehicles not owned, operated by, or contracted for by the agency for any transportation of children enrolled at the agency, and which are utilized only as described in item (i) for field trips must provide evidence of currently effective liability coverage for such non-agency vehicles in amounts sufficient to provide adequate coverage for children being transported by such vehicles.

SECTION 25. Tennessee Code Annotated, Section 71-3-502(a), is amended by adding the following new subdivision (6):

(6)(A) The Department of Human Services rules for the Licensure Rules for Child Care Centers Serving Pre-School Children contained in Chapter 1240-4-3-.07(4)(e), and for the Licensure Rules for Child Care Centers Serving School-Age Children contained in Chapter 1240-4-6-.07(4)(f), and in any other portions of those chapters, that were part of the amendments filed as permanent rules for each chapter on September 29, 2000, enacted on December 13, 2000 and effective on July 1, 2001, and that define or reference the age groups for "infants" as being comprised of children who are six (6) weeks—twelve (12) months of age, and the age groups for "toddlers" as being comprised of children who are thirteen (13) months—twenty-three (23) months of age, shall expire, effective upon this act becoming law.

(B) "Infant" and "toddler" categories of children in the care of a child care agency licensed pursuant to this part shall be defined as follows, until otherwise modified by rule of the department:

(i) "Infants" shall be comprised of children six (6) weeks—fifteen (15) months of age;

(ii) "Toddlers" shall be comprised of children twelve (12) months—thirty (30) months of age; and

(C) All other department rules not specifically designated to expire by the provisions of subdivision (A), or affected by the definitions in subdivision (B), including, but not limited to, the definitions or references to the age range for the "2 year old" category in the care of a child care agency, descriptions or definitions of any other age groups of children, adult to child ratios, and, except as modified by Senate Bill 0805/House Bill 0968 (2001), and the effective dates of the rules, shall remain in full force and effect or shall become effective in accordance with the provisions of the department's regulations.

(D) The Department of Human Services shall have authority to immediately implement public necessity rules effective upon the effective date of this act, or as soon thereafter as possible, to define the age groups for "infants" and "toddlers" as defined by subdivision (B) and to make any conforming rule changes in the text or in the adult to child supervision charts contained in Chapters 1240-4-3 or 1240-4-6 or in any other rule of the department that may be necessary to implement the changes made by this act relative to the age range definition for the "infant" and "toddler" groups. Permanent rules shall be implemented as otherwise provided by the Uniform Administrative Procedures Act as contained in Title 4, Chapter 5, Part 2.

SECTION 26. The provisions of Section 6 of this act that, if enacted, would amend the provisions of Tennessee Code Annotated, Section 71-3-502(j), subdivisions (1)-(4) relative to the establishment of the annual report card and a rated licensing system for child care agencies licensed or approved by the Department of Human Services and that would further add a new subdivision (j)(5) to create an advisory council for review and recommendations regarding the report card and rated licensing system, shall become void and cease to be of effect on the last day of the fiscal year following the fiscal year during which federal funding is terminated and not available to fund the positions and operations that were initially funded with federal funds and that are required by the provisions of Section 6 for the operation of the annual report card and the rated licensing system. Nothing herein shall prevent the general assembly from the continuation of the report card and rated licensing system by use of state funds for all or a portion of those programs, and, if this is done by any appropriations act passed prior to the date upon which the provisions of § 71-3-502(j)(1)-(5) would otherwise become void pursuant to this Section, such provisions shall remain in effect.

SECTION 27. If any provision of this act or the application thereof to any person or circumstance is held invalid, such invalidity shall not affect other provisions or applications of the act which can be given effect without the invalid provision or application, and to that end the provisions of this act are declared to be severable.

SECTION 28. This act shall take effect upon becoming a law, the public welfare requiring it.
